The purpose of this training series is:

- * To give local and beginner riders experience in criteriums at a low key level. Learn what it’s all about!
- * Give officials, old and new, a place to learn to score crits without the pressure of a full on event.
- * Give local "teams" a place to actually race together before going out into the big bad world where the stakes are higher.
- * And, bring some fun back to racing with summertime fun and a social atmosphere more like CX.
- * Raise funds for our racing programs.
